mood : 😊 Good

We went on a class trip to Schloss Dankern for 5 days. When we arrived we had to wait. After that we could go to our houses but there we had to wait for an hour or so. Later that day we went to the supermarket and bought dinner.

A nice day

On the first morning we had to bring bread rolls¹ to the houses of our class. We had breakfast with rolls 🍞 and muesli. After breakfast some of us went to the climbing park (high ropes course²). We climbed in ten metres altitude³. Some of us went with Mr. Krain to the Adventure Golf (mini golf). We climbed for one hour. After this we had free time. In the free time we could go to the „Spieleland“-park or we rode on the roller coaster⁴. In the evening we went to the cinema and watched "Fast & Furious - Hobbs and Shaw". For dinner we had fried potatoes and chicken nuggets.

The bouncy castle⁵ was the best in the "Spieleland".

In the morning we were at the high ropes course. Half of the class went to the high ropes course, the other half to mini golf. After that we had freetime and just chilled. In the evening we went to the cinema. There we watched the new "Fast and Furious" movie. Before the film I bought myself some popcorn and something to drink. After the movie we went back to our houses and watched TV.

We were at the shipyard⁶ and went by bus. It was OK. But I already knew the shipyard. After the tour we went shopping for one hour. Later we went swimming (1 hour and a half). Most of the time I was at the waterslide⁷.

Today we had to stand up early because we went to the Meyer Shipyard. It wasn't interesting because we only had to listen. We went back to Castle Dankern. We arrived and went on the large hopping cushion in the arcade. There we had trouble with some girls.

² high ropes course - Hochseilgarten

On Wednesday early in the morning we went to the Meyer shipyard. It was very interesting that little people can build ships that big. Then we went to the local market and bought some food for us. In the afternoon we went swimming. It was nice.

They (Meyer Werft) build ferries and cruise ships. It was interesting to see and hear how they build the big ships.

On Thursday we were bowling and had so much fun. Marie, Laura and I were in a team but we didn't win 😞, but it's okay. After that we had a barbecue at 5pm, it was so yummy 😊.

Today we were under stress. We hadn't enough time. The bus left at 10.00 am. We had to pack our bag and the suitcases. At 10.00 o'clock we put the suitcases on the bus and started on our way home. The class tour was great and I think we can do the activities every week.
